2nd Stakeholders' Forum of BILAT-UKR*AINA
27-28th of January, 2015 Kyiv, Ukraine

UA NCP system review

UA NCP system peer-review – one of the main activities within Bilat-Ukraina project

- ❑ Initial survey made on the basis of questionnaire analysis
- ❑ Face-to-face meetings
- ❑ Workshop dedicated to UA NCPs (response to identified needs, problems and expectations)
- ❑ Support aiming at higher NCP efficiency (within Bilat-Ukraina and other projects)
- ❑ Definition of other supportive measures (national and international level)
- ❑ Conclusions and recommendations

UA NCP system review – initial survey

UA NCP system review – content of the questionnaire (main items)

1. **NCP organization** (*general info, team, experience and achievements, financing*)
2. **NCP services** (*dissemination of information: source and methods*)
3. **NCP customers** (*target group, contacts, training and consultancy services*)
4. **National co-operation** (*within NCP network, knowledge and information share*)
5. **International co-operation** (*with foreign NCPs, EU+other countries*)
6. **Problems and expectations** (*open questions for analysis*)

UA NCP system review – summary

- ❑ **People with at least some experience involved in every NCP**
- ❑ **Source and level of financing differs**
(own resources, institutional support, state funds, only salary financing etc.)
- ❑ **NCP services: similar in every case**
(web sites, event organization and participation e.g. info-days)
- ❑ **NCP customers: mainly research groups**
(no standard data base – own models, difficulties to access the statistics and participation results)
- ❑ **National co-operation: some positive examples**
(depend on own activity and interest)
- ❑ **International co-operation: only some positive examples: general problem to be discussed, support expected!**
- ❑ **Other...**

UA NCP system review – recommendations and ideas

- ❑ **Introduction of some NCP standards and „internal rules”**
(open discussion: for example: common portal – single „entry point”, NCP meeting + discussion forum, standard of the statistics etc.)
- ❑ **Enhancement of co-operation with foreign NCPs**
(idea: contacts with NCPs from neighbouring countries, search and application for instruments of cross-border/regional co-operation – promotion, human potential share, visits)
- ❑ **Regular participation in EC (Brussels) and other foreign events**
(info-days, brokering + networking meetings – focus on the selected events)
- ❑ **Contacts with Technology Platforms (ETPs, NTPs)**
broad issue-open for discussion...
- ❑ **„Promotion and investment” in successful teams/researchers**
„success attracts the success”...

Thank you for your attention!
